Body text--

AVS is a nonprofit organization, which promotes communication, dissemination of knowledge, recommended practices, research, and education in the use of vacuum and other controlled environments to develop new materials, process technology, devices, and related understanding of material properties for the betterment of humanity.

The AVS is comprised of nine technical divisions, four technical groups, 20 local-area chapters and about 6,000 members worldwide. The Society provides stimulating symposia, short courses, and educational outreach both at the national and local levels.
